

dex hamilton: fire and ice - the movie

1 x 70'

When young entomology prodigy, Dex Hamilton, discovers a new species of super-heated alien insect, he has no idea how much trouble it's about to cause. Before he knows it, his mentor/Professor has disappeared and Dex is off to the frozen wastes of Antarctica trying to find him. But what he finds is a terrifying catastrophe in the making. The Earth is infested with the alien bugs, and they will destroy it from the inside out if Dex can't find a way to stop them."

hana's helpline

52 x 10'

This wonderful pre-school series features Hanna, a duck agony aunt and her son Francis who help animals that need emotional support. Hana can always be reached at the end of a phone in her chaotic office, on a radio phone-in programme or on one of her many television appearances! She will always offer a sympathetic response and solution to every problem, no matter how big or small. Now let's get quacking!

happy valley 2

32 x 5' (Total 52 x 5')

This warm and charming pre-school series returns. Set in beautiful countryside by the sea, Happy Valley 2 brings more contemporary songs and nursery rhymes to explore the daily lives of the children living in this wonderful imaginative place.

the 13th kitten

1 x 30'

The Queen Witch is plotting to stop time and rule the world forever with the help of a magic potion, containing 13 newts, 13 toads and 13 kittens. But she only has 12 kittens and with the help of her army of Karate Witches she sets out to capture the 13th kitten and complete the spell.

This dialogue-free half hour special includes strikingly atmospheric original music and creepy illustrations to spook even the naughtiest children this Halloween.

dex hamilton: alien entomologist

26 x 30'

In the year 3000, Planet Earth is overrun by alien insects. Enter Dex Hamilton, Alien Entomologist and leader of a talented team of offbeat characters dedicated to keeping both the insects and the Earth safe. With an unassailable sense of optimism and curiosity - and some of the COOLEST hi-tech gadgets ever invented, Dex and his team keep the balance between man and nature. There's plenty of suspense, action and fun as we watch Dex Hamilton and team face impossible odds in quelling some of the grossest and slimiest creatures in our universe.

tommy tishoo

52 x 6'

Tommy Tishoo is a loveable, innocent character who discovers the world through mime, movement and comedy. His simple adventures reflect those of the very young audience. Tommy's experiences will help the audience understand the world around them as they watch and laugh at his efforts to come to terms with daily life .

sunny side farm

26 x 15'

Sunny Side Farm is a live action series following the adventures and daily lives of Jaff the dog and all his animal friends on a small holding farm deep in the countryside . Jaff often has to unravel mysteries and help the animals to sort out all sorts of problems that arise naturally from their daily lives . The animals are voiced by actors who instil comedy and warmth to each scene while the narrator ties the stories together with a gentle sense of irony .
